

Dear Friends,

Prairie Woods Golf Course would like to welcome you to take part in our first annual Teeing Off Fundraising Event on July 29th. As a course that was built on a family foundation, we want to extend our helping hand into the community with this event. We are starting this event in honor of someone who is close to our Prairie Woods family.

Our Assistant Superintendent, Luke Slater, and his fiancée were expecting their first child this past March. To their surprise, Jackson Thomas came into this world 3 months earlier than expected. December 15th, 2016 was the day that started a new battle to face. Being so early, Jackson weighed in at 11lb 10oz and has a long road ahead of him with being so under developed. Being in the hospital for over four months, undergoing surgeries and building strength has taken its toll on the family. Thankfully, he is now home and just over 10lbs with an oxygen tube helping him out.

With this, we'd like to host our first event in honor of Jackson. Teeing Up for Jackson will be held on Saturday, July 29th at Prairie Woods Golf Course. Our goal is to not only help out this new family in such a time of need but bring the community together. Every year, an estimated 15 million babies are born preterm and Prairie Woods wants to help this child out that is dear to our hearts.

This four person team scramble outing will have many options for those to take part. From playing in the event, sponsorships, silent and live auctions and much more you can lend a helping hand to Jackson and his family. We are looking to you to help grow this event into something worthwhile and start a tradition that Prairie Woods can keep sharing with other families in the following years.

Please know all your contributions will make such a positive impact on the future for Jackson. 100% of the proceeds will go towards the family that has been through so much. Know your generosity is greatly appreciated and we are very happy to have you be a part of such a meaningful event!
